Our mission in Midwest Outdoors Unlimited is to provide outdoor recreation to all disabled people in the Midwest. People who live with disabilities are often reminded of their limitations. What if we could help turn that around, and remind them of what they are truly capable of? Midwest Outdoors Unlimited is about overcoming the barriers that prevent people from enjoying the great outdoors. By providing guided, safe, hands-on recreational experiences, our local chapter gives friends, family, and entire communities a way to participate with those who have disabilities and together, do what was never thought possible.
